**Background:** At the State Board Retreat, information was presented about the Common Core Standards. We are in the process of comparing the Common Core Standards to the Iowa Core. At this session, we will review the process for making the comparison. From preliminary review, we see much overlap between the two sets of standards. When the review is complete, we will identify the similarities and differences, and make a recommendation to the State Board about adopting the Common Core Standards. Materials and a recommendation will be mailed to you in the next few days, as soon as the review committees have finished their work.
